

NISHCHAL PANTA

BCS Undergraduate · Machine Learning & Full-Stack Developer

Kathmandu, Nepal | nishchalpanta426@gmail.com | github.com/Nishchal-Panta | linkedin.com/in/nishchal-panta-3890b1292

PROFILE SUMMARY

Motivated BCS undergraduate with hands-on experience in machine learning, full-stack web development, and AWS cloud architecture. Builds end-to-end solutions from neural network intrusion detection to production e-commerce platforms. Interested in cybersecurity, fintech analytics, and agritech.

EDUCATION

Bachelor of Computer Science (BCS) · IIMS College & Taylor's University, Kathmandu 2023 – Present
Relevant coursework: Data Mining, Machine Learning, Database Management, Web Technologies, Software Engineering

EXPERIENCE

AWS Cloud Fellow · CloudMandap Pvt Ltd, Kathmandu Feb 2026 – May 2026

- Completed DAAI Fellowship on AWS cloud architecture; applied Cloud Architecting curriculum in practical scenarios
- Studied cloud design patterns, scalability, IAM, VPC, and AWS solution architecture best practices

PROJECTS

Neural Network Cybersecurity Threat Detection 2024–2025
github.com/Nishchal-Panta/Cybersecurity_threat_detection

- Deep-learning IDS (PyTorch) classifying network traffic from IDS 2018 datasets; 4-layer MLP (512→256→128→2) with ReLU, Dropout, Kaiming init, SGD + early stopping
- Full ML pipeline: data cleaning, one-hot encoding, StandardScaler, stratified split; evaluated with ROC/AUC, F1, confusion matrix · Stack: Python, PyTorch, Scikit-learn, Pandas, JupyterLab

Laravel E-Commerce Platform (Nepal Wholesale-to-Retail) 2025
github.com/Nishchal-Panta/E-commerce_website

- Production e-commerce app with buyer storefront, admin analytics (Chart.js), inventory management, RBAC, CSRF/XSS protection, and bcrypt hashing
- Stack: Laravel 11, PHP 8.2, MySQL, Tailwind CSS, Alpine.js, Docker Compose, Vite · 12 DB migrations

Other: Share Market Analysis (EDA on NEPSE data, Python/Pandas) · Panta Store App (Android/Java inventory app) · VeggieScan (AI vegetable disease detection, ML integration) · Relay Hack Hackathon (Laravel/Blade app under time pressure)

TECHNICAL SKILLS

Languages	Python, PHP, Java, SQL, JavaScript, Blade (Laravel)
Frameworks & Libs	Laravel 11, PyTorch, Scikit-learn, Pandas, NumPy, Tailwind CSS, Alpine.js, Chart.js
ML / Data Science	Neural Networks (MLP), Supervised Learning, Feature Engineering, ROC/AUC, F1 evaluation
Cloud & DevOps	AWS (Cloud Practitioner · Cloud Architecting), Docker, Git/GitHub
Web & Mobile	Full-stack MVC, RESTful APIs, MySQL, JupyterLab, Android (Java)

CERTIFICATIONS & ACHIEVEMENTS

AWS Certified Cloud Practitioner · AWS Academy Graduate — Cloud Architecting Badge · Certificate of Achievement — Aqore X Relayhack, Techspire College · Future Forward Leadership & Communication Certificate · Certificate of Participation — TEDx IIMS 2024

LANGUAGES

Nepali — Native English — Professional Proficiency
